

Rye Landfill Capping—\$400,000

Customer:

Mornington Peninsula Shire Council
 David Hampton
 Project Co-Ordinator—Capital Works
 Joe Razinger—Work Supervisor

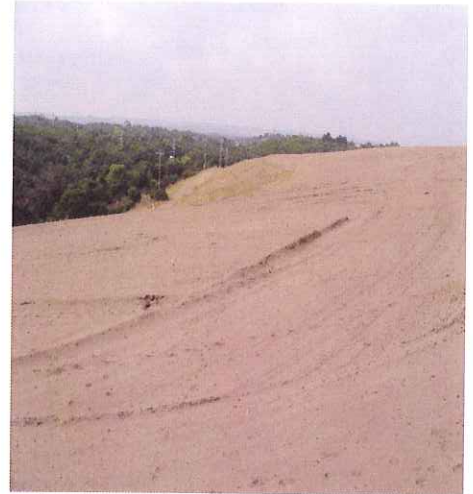

Site Issues:

- Sourcing suitable capping clay
- Capping clay moisture control
- Environmental control i.e. mud on road, etc
- Strong winds

Works Undertaken:

- Sourcing & testing clay capping;
- Exposing of existing clay liner at edge of cell;
- Heavy impact rolling to consolidate waste prior to placement of clay;
- Placement of 600mm clay liner;
- Placement of sand & topsoil;
- Hydromulch of capped cell with native grass

Thanks to Twigg Group for their assistance during the project.
